Washington card file, Kunson, Gui,

CIT-USA

After Pearl Harbor subject was heard over the French Radio Station FPZ SHANGHAI as English news announcer for which he received a very small salary. He applied to Swiss for relief assistance. His own nationality status has been cleared thru consular records as a U.S. citizen. He married to a Russian woman, and has an adopted son, 14 or 15 years old, by a former marriage of wife. (4-5) Lists as his dependents, his wife, his adopted son, Michael, and his mother-in-law. All three are classed as aliens whose status are that of White Russians. Report that he was at KMRA Radio Station after Pearl Harbor is believed wrong. For that station was dominated by DON CHEN for the first few months following the outbreak of war. As stated in file, subject needed job to support self and family. It is believed that he wrote none of the material he broadcast over the French Station FPZ Radio Shanghai. Generally believed to be loyal; nothing known by informant to the contrary.

UNDEVELOPED LEAD: Washington: Will check as to whether subject has been repatriated.
